DNS: Did Not Start DNF: Did Not Finish

Our longing for a stronger breeze was finally answered today with a 30-Knot South Westerly howling across the lagoon. This resulted in some very fast sailing and also a lot of wet electrics and boat damage. In the 10 Raters, both Allan (wrong radio gear) and David (sails too big) did not get onto the water and Phil also had faulty radio gear - lucky he had the old reliable P3 as a backup boat. Next out was Kevin after his boat took on water and sank with just the tip of the mast showing above the surface of the lagoon. Ian was next out with rudder problems and some of the other boats became over powered as the wind strengthened. Only 4 boats finished the last race and for the first time that I can recall, all boats had to retire from a race just after lunch. After the mayhem, the day winners were Sid followed by Brian Thornton and Greg. With the Soling 1Ms, the aim was to keep the boats going in the forward direction as they were severely over powered in these conditions. The work to the wing mark became a real challenge as the boats were blown off course and tacking became impossible! After 5 races, the day winners were Greg followed by Phil and Frank on equal points.

Ian Tretthewy - Handicap Race Officer
